

CLINICAL EXCELLENCE. MEASURABLE OUTCOMES.

At Pasadena Villa, clinical excellence isn't a standard we aspire to — it's the foundation on which every program is built. Our credentialed, multidisciplinary teams deliver individualized treatment that integrates evidence-based modalities with holistic care, meeting each client's clinical complexity with precision and compassion. The outcomes reflected in this report are the direct result of that commitment, and of the clients who trusted us with their care.

6-YEAR | ODYSSEY RESIDENTIAL (BASIS-24)

Tracking clinical outcomes over multiple years reveals trends in client progress and long-term treatment effectiveness that a single-year snapshot cannot capture. This extended view provides deeper insight into how clients respond to care over time, supporting more informed treatment planning and stronger long-term outcomes.

WHAT OUR CLIENTS SAY

Voices from Our Community

“My stay at Pasadena Villa Great Lakes was nothing but lifesaving. I was at such a low point in my life when I was admitted. The staff is so caring and really wants the best for you. Everyone from the CEO to the kitchen staff puts in 100% every day. I felt cared for by every person there. I highly recommend this facility — it saved my life!”

— Grateful Alum

CARE INFORMED BY RESEARCH + TRAINING

Pasadena Villa uses a comprehensive battery of clinical outcome measurement tools to track progress, assess treatment effectiveness, and refine care in real time. Grounded in current research, these tools provide objective insight across mental health and substance use treatment, enabling the clinical team to adapt, optimize, and deliver the highest standard of care for every client.
